

Cartridge Retainers & Caps

Techcon retainers (cartridge sleeves) enclose the plastic cartridge enabling connection to the retainer cap. The retainer is made from durable aluminum and twist-locks into a retainer cap or dispensing gun. Viewing slots are strategically placed to view the fluid level inside the cartridge. Lightweight, durable and can withstand pressures up to 100psi (6.9bar).

PART NUMBER	DESCRIPTION
918-030-000	Cartridge Retainer 2½ oz w/slot
918-031-000	Cartridge Retainer 6 oz w/slot
918-034-000	Cartridge Retainer 8 oz w/slot
918-032-000	Cartridge Retainer 12 oz w/slot
918-000-036-C	Cap for Retainer with Fitting
